LEARNING 3.0

Inspiring The Leaders of Tomorrow

Vision

Our vision consists of a world where every child will grow up to their peak potential and at the same time enjoy a joyful learning experience. Not only will they be academically successful, but also they will learn how to respect, be determined, and be honest throughout their journey of life.

Mission

We aim to provide a world-class learning experience to all our pupils and prepare them for real-world challenges. Nonetheless, doing this requires us to merge the already established teaching models with the recent developments in educational technologies. Through this we make learning exciting and engaging even if a concept is complex for a child.

Campus Life

Welcome to GoldenBee Global School

GoldenBee Global is an innovation focused NewGen school from the Rathinam Group, a nationally ranked pioneer in the Indian educational landscape. We focus in imparting innovation, creativity, and design thinking in children as part of our curriculum. This holistic learning accelerator for our students is in addition the education plan that ensures excellent performance by our students in both board and competitive exams.

PRINCIPAL TALK

Welcome to GoldenBee Global! We are proud to introduce you to our vibrant educational community. At GoldenBee Global, we foster an environment where every student thrives academically, socially, and emotionally. We offer innovative teaching methods, a diverse curriculum, and a supportive atmosphere. Our focus is on holistic development, preparing students to be confident and resilient global citizens. Our STEAM program integrates disciplines to foster critical thinking, creativity, and problem-solving. The Robotics program provides hands-on learning in coding, engineering, and technology, enhancing both technical and soft skills. The RSMART curriculum focuses on executive function strategies, helping students develop organization, time management, and strategic thinking skills. Our state-of-the-art infrastructure promotes physical fitness, teamwork, and a healthy lifestyle. We collaborate with PW (Physics Wallah) and Aakash for integrated classes, offering top-notch coaching for competitive exams. Our open-ended approach to education encourages students to explore their interests and passions, fostering creativity and innovation. As we embark on this journey together, I encourage you to take advantage of our academic, extracurricular, and community opportunities. Together, we will strive for excellence and make GoldenBee Global a place where dreams take flight.

Dr. Flora David
(Principal - Bannerghatta Campus)

The world today is changing at a rapid pace and preparing our children to face that unknown future is the need of the hour. Our vision at GoldenBee Global is to create compassionate, creative, and curious lifelong learners who are well-prepared for the challenges of tomorrow. We are committed to providing an educational environment that nurtures not only academic excellence but also personal growth, leadership, and innovation. The activity-based methodology that we follow at GoldenBee caters to Multiple Intelligences and helps the students understand the concepts and apply them in their day-to-day lives. We teach our students to dream big and encourage them to see the world from a global perspective. Our future goals include academic innovations to refine our curriculum and teaching methods to keep pace with advancements in education and technology. Global preparedness is the next approach we are focusing on to equip students with the skills, knowledge, and confidence needed to thrive in an interconnected world.

(Principal - BTM Layout campus)

Brooding over 'education' brings about a sense of vastness, a myriad of thoughts as we at GoldenBee Global sit to string them into coherence. It seems increasingly overwhelming as we realize every single individual has been in learner's seat and have undergone some changed concepts regarding education. The technology has brought education from the desk to the dining table is crucial to the learning process where every situation is a learning experience and every person has become a learner. The method of imparting the knowledge has changed but the purpose of educating the correct attitude with aptitude remains the same. Self motivation, triggering the inbuilt capacity to absorb, reflect, sift and respond to information builds the right aptitude. Here in GoldenBee Global, we emphasize on right attitude along with aptitude through our integrated curriculum. The path ahead is a long journey but certainly GoldenBee Global Horamavu very soon will become an epitome of knowledge and wisdom in Bangalore.

Alumni Success Stories

Trisha Das *Successful Graphic Designer*

I left GoldenBee school 3 years ago. Trust me, that was a really hard goodbye because GoldenBee was more than just a school for me. It has made me who I am today. From being able to confidently speak in public to knowing how to manage responsibilities it's taught me a lot and nurtured me I am currently in my 2nd year of college studying Visual Communication (Graphic Design) at the United World Institute of Design, Gandhinagar Gujarat. I'm also working at a marketing and mell company as a Graphic designer.

Diya Sharma *Journalism & Mass Communication*

I am Diya Sharma, during my time in GoldenBee, I have written a short story that was published in Novella, a book that was published by Crossword that included students across India. After leaving GoldenBee, I wrote three books that are published and available Online. I worked as a MUN chair as well as trained students of GoldenBee for their upcoming MUNS. Additionally, I collaborated with several organizations such as YLAC (Young Leaders for Active Citizenship), igniting Youth and Karma Active since graduating from GoldenBee. It plays an immense role in making me who I am today. A lot of the experience and confidence gained in those years have stuck with me even today! To the

students who may be reading this, utilize every opportunity presented to you. Each time you do something new it adds to your experience and prepares you for future chances that may change your portfolio. Currently, I am pursuing Journalism and Mass Communication at Dayananda Sagar University. Continue to write and work on future books while studying the subjects that I grew to love at
